We Have the Data, Now What? Five Ways to Translate Data Into Action!

2024 Texas Assessment Conference

Nice to meet you!

- Angee Andrus, Director of Accountability & Assessment, Huntsville ISD
- Paul Trevino, Principal, Huntsville High School
- Carie Barthelemess, Customer Success Manager, Education Advanced
- Ros Jackson, Customer Success Manager, Education Advanced
- Jennifer Knipp, Account Executive, Education Advanced

Data is powerful, but only if you know how to use it effectively to drive decision-making.

Let's dig deeper with our pack leaders!

1. How do you aggregate, track, and utilize data from your various systems to ensure you are meeting the needs of your students?
2. How do you streamline your compliance reporting processes and ensure you are meeting all necessary requirements?
3. How do you communicate data with stakeholders and empower them to use that information to make informed decisions?

About Huntsville ISD

	Brick & Mortar	Online/K12 Stride
Enrollment	11,077	
	6,044	5,033
Campuses	6 (1 HS, 1 MS, 4 ES)	3 (1 HS, 1 MS, 1 ES)
Eco Disadvantaged	75%	61%
Emergent Bilingual	18%	8%
Demographics	Hispanic 42% Black 21% White 31%	
Mobility Rate	29.5%	

TestHound

Angee Andrus, Director of Accountability & Assessments, Huntsville ISD

Account for All Students

- Use Performance Tracker to generate registration file
- Indication of new and withdrawn students
  - Alerts CTC to register new students and verify any specific eligibility, accommodations or needs.
  - Indicates which students have left so the CTC can update rosters and follow-up on any test data that may need to go to a receiving district.
- Use Auto Pilot to consolidate accommodations from other vendors into one place (esped, Branching Minds and Ellevation)

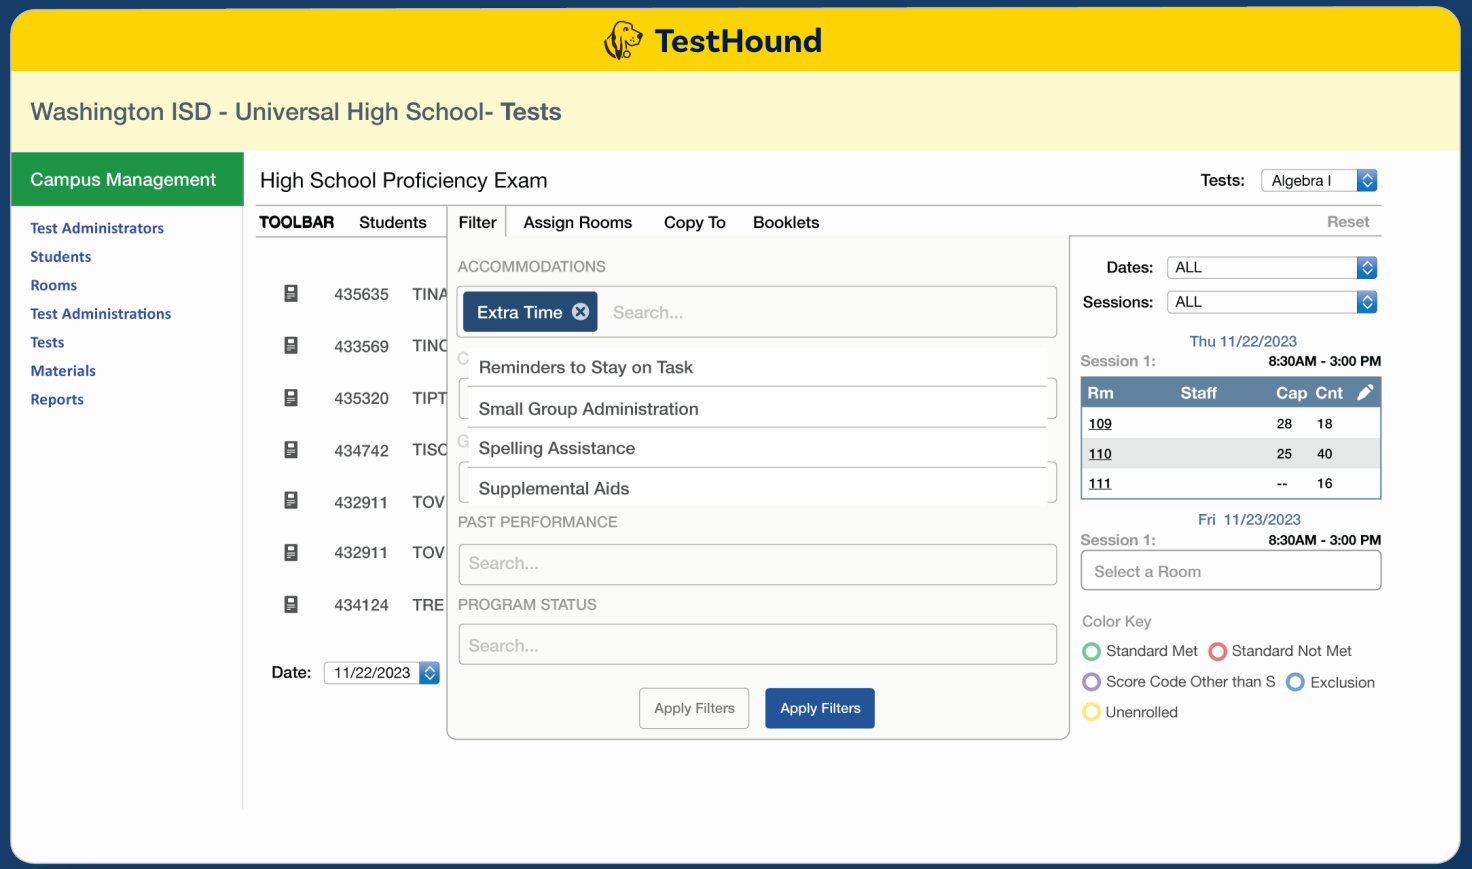
Assess Students

- Use Test Administrations to set up testing & reports component to generate documentation
- Use Master Accommodations report for:
  - assessment planning and grouping
  - Verification of accommodations by special program staff (Sped, RtI, LPAC)
  - Identify and gather non-embedded supports for testing
- Use Test Attributes and Non-Embedded Supports reports for mass uploads
- Use Room Accommodations reports
  - to ensure that needed accommodation materials and appropriate resources are provided to each testing room (headphones, headsets, non-embedded supports, etc.)
  - Additional verification of the accuracy of the accommodations by the test administrator

Manage and Utilize Data

- **Use Data Integration to pull accommodations to mass upload into Eduphoria**
  - To activate embedded accommodations for online testing in Eduphoria
  - To identify test accommodations on individual student profiles
- **Use Performance Tracker to generate SDRs (Student Data Requests)**
  - To gather and upload testing history into our SIS, and other data management tools that teachers and administrators use to make instructional decisions.

How does TestHound® make it easier?



- Verification of student accommodations
- Alignment across special programs
- Alerts for newly enrolled and withdrawn students
- Checks and balances across programs and services
- Accessing data for other platforms
- Help documentation and access to a team of experts

Evaluation

Pathways

Pathways

Paul Trevino, Principal, Huntsville High School

Real-time, Holistic Student Data

- **CCMR Point Tracking**: Monitor student progress towards CCMR goals
- **Graduation Worksheets**: Up-to-date information on diploma progress
- **Foundation Plan with Endorsements**: Track student achievements
- **Personal Graduation Plans (PGP) and 4-Year Plans**: Comprehensive planning tools
- **STAAR Testing Results**: Instant access to standardized test performance
- **CTE Program of Study Progress**: Monitor career and technical education advancement

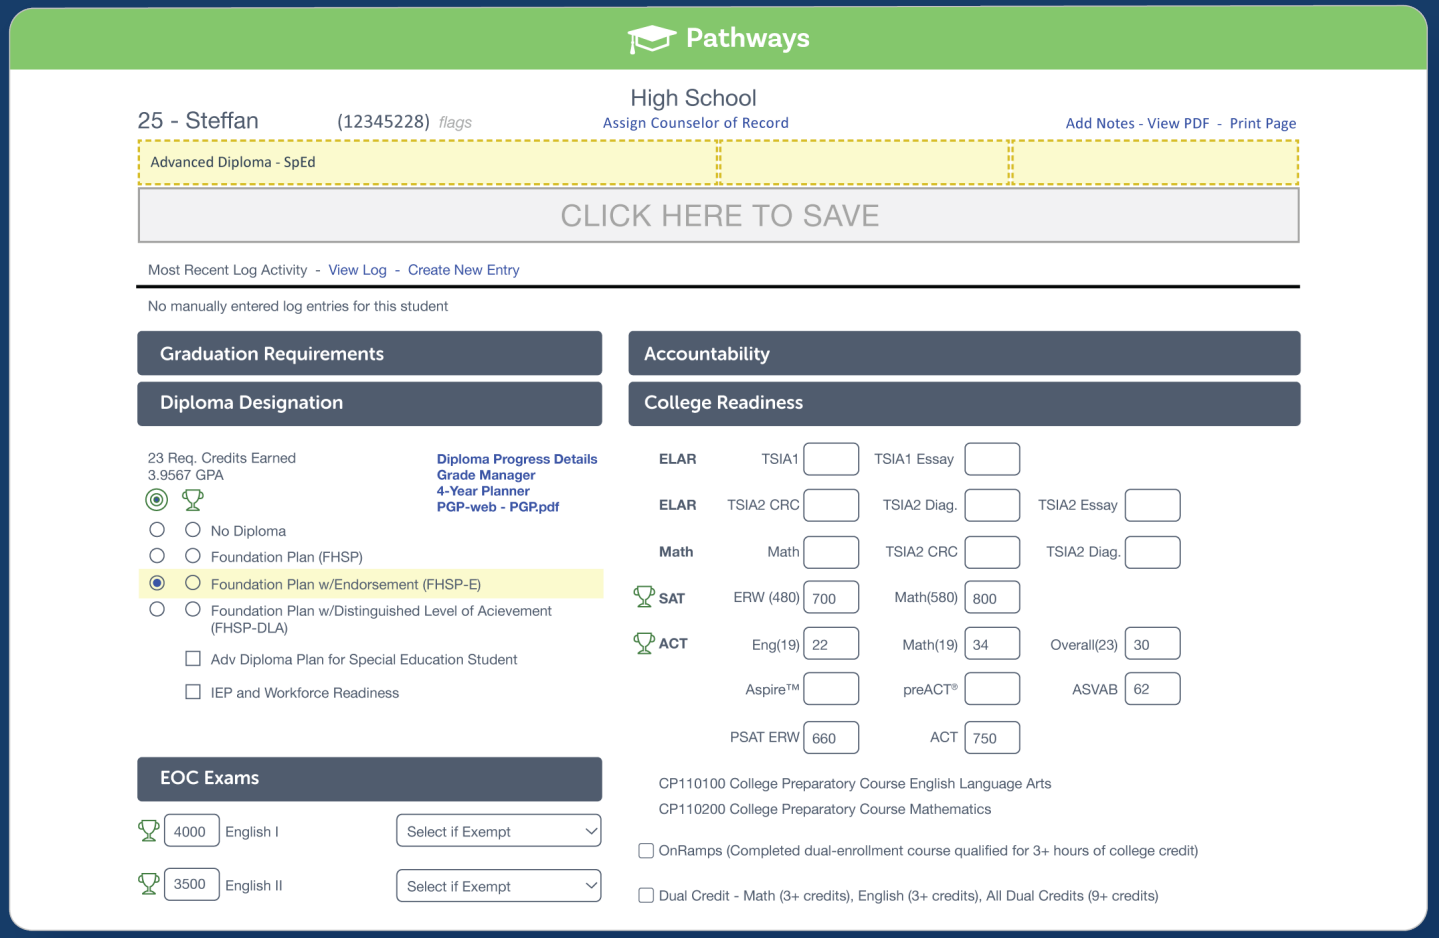
Benefits for Educators & Students

- **Counselors**: Wholistic view of student progress and needs
- **Administrators**: Real-time data for informed decision-making
- **Assistant Principals**: Identify at-risk students for targeted support
- **Credit Recovery Programs**: Tailored interventions based on student data
- **Students**: Clear understanding of progress and goals
- **Motivation**: Data-driven encouragement for student success

Data Analysis & Demographic Insights

- **Trend Analysis**: Identify patterns in student performance
- **Demographic Breakdowns**: Understand success rates across different groups
- **Hot Spot Identification**: Pinpoint areas for additional support
- **Equity Considerations**: Ensure all students have equal opportunities for success
- **Data-Driven Decisions**: Use insights to shape school policies and program

How does Pathways make it easier?



- Data and documentation for student progress reviews
- Consolidated data points into one single location
- Easy tracking of CCMR data
- Comprehensive counseling time-tracking log
